- Two letters of recommendation from **non-relatives**
- Copy of your high school diploma or high school transcript **showing graduation date**, GED or college transcript **showing at least 60 semester credit hours**

Placement:

The school does not guarantee employment following graduation; however, employers often contact the school when seeking therapists for employment. Administrators typically contact graduates in the potential employer's geographical area to inform them of such openings. The school posts notices for employment opportunities on an easily accessible bulletin board. It also maintains a registry of employers who have employed our graduates. Notices of employment opportunities are also published in the school newsletter which can be found on our website www.assti.com.

Refund Policies

Title IV Refunds-We have two types of refunds: State of Indiana refund to students and Return of Title IV funds to the Department of Education. When a financial aid recipient withdraws, drops or is dropped from our program the Title IV refund policy is used in addition with the State of Indiana's refund policy. To earn all financial aid awards you must complete more than 60% of the clock hours in the payment period. If you complete less than 60%, the school must calculate to determine your earned aid. The computation is based on the ratio of clock hours completed during the payment period compared to the number of clock hours during that payment period. Any funds required to be returned to the Department of Education are charged to the student's account. This can affect the amount of refund to the student or balance due to the school after last date of attendance. The last date of attendance will be determined by the last date the student clocked in and/or signed in. The school must process all refunds within 45 days after last date of attendance. The student will be responsible for any balance owed to the school and/or the Department of Education.

If the student's school account has a credit balance, a check in the amount of the credit balance will be made to the student within 14 days. Refunds of unearned aid will be returned in the following order: (1) Unsubsidized Stafford Loans (2) Subsidized Stafford Loans (3) Federal Plus Loans (4) Pell Grant.

A post-withdrawal disbursement will be made if a student has eligibility for the Title IV funds. If a student earns financial aid funds but the funds have not been disbursed, the funds can still be disbursed after attendance has stopped; but before any Stafford loans can be disbursed the school must have written confirmation from the student or parent in a plus loan situation.

State of Indiana Refund Policy: 570 IAC 1-8-6.5 Resident Institutions (Institutional Refunds – Non Financial Aid)

- (a) The postsecondary educational institution shall pay a refund to the student in the amount calculated under the refund policy specified in this section or as otherwise approved by the Commission/Board. The institution must make the proper refund no later than thirty-one (31) days of the student's request for cancellation or withdrawal.
- (b) The following refund policy applies to each resident postsecondary educational institution, except as noted in:

- (1) A student is entitled to a full refund if one (1) or more of the following criteria are met:
 - (A) The student cancels the institutional student contract or enrollment agreement within six (6) business days after signing.
 - (B) The student does not meet the postsecondary educational institution's minimum admission requirements.
 - (C) The student's enrollment was procured as a result of a misrepresentation in the written materials utilized by the postsecondary educational institution.
 - (D) If the student has not visited the postsecondary educational institution prior to enrollment, and, upon touring the institution or attending the regularly scheduled orientation/classes, the student withdrew from the program within three (3) days.
- (2) A student withdrawing from an instructional program, after starting the instructional program at a postsecondary educational institution and attending one (1) week or less, is entitled to a refund of ninety percent (90%) of the cost of the financial obligation, less an application/enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars (\$100).
- (3) A student withdrawing from an instructional program, after attending more than one (1) week but equal to or less than twenty-five percent (25%) of the duration of the instructional program, is entitled to a refund of seventy-five percent (75%) of the cost of the financial obligation, less an application/enrollment fee of ten percent (10%) of the total tuition, not to exceed one hundred dollars (\$100).
- (4) A student withdrawing from an instructional program, after attending more than twenty-five percent (25%) but equal to or less than fifty percent (50%) of the duration of the instructional program, is entitled to
