*Our completion rate is based on 2014/2015 students who completed the course within the normal amount of time; 10.5 months/ 42 weeks/ 672 hours.

**Our placement rate is based on our 2014/2015 graduates who are working as a massage therapist in any capacity. This includes full time/part time employment and working for a company or working for themselves. The employment tracking is from June 2015 (after graduation) through December 2015 using our yearly Graduate Survey mailing. This survey is part of our compliance with our accrediting agency, COMTA (Commission on Massage Therapy Accreditation) and the Department of Education.

Loan Information (Median loan debt) using 2014/2015 students

(Median Loan debt is figured by taking all loan amounts for program, putting loan amounts in value order then using the middle number.)

1. Title IV loan median: \$4688.00
2. Private loan median: We are not affiliated with other loan institutes at this time.
3. School finance* median: Tuition is paid in full prior to graduation.

*(Our school payments are calculated by taking the tuition amount less your registration fee, [paid at time of sign up] and less any financial aid to be received during the school year, then divide the remaining balance into four payments. Payments are due July, October, January and April. Tuition is paid in full prior to graduation).
